*Le Royal El Minzah Hotel by BlueBay* is one of the most emblematic and most traditional of all North African hotels. It opened its doors to the public in 1930 under the direction of a known English aristocrat, and in a few years it became a landmark and a must for big showbiz personalities and important political leaders. Located in the popular Rue de la Liberte, in the heart of Tangier, this property has a strong character in its architecture and decoration that provide it with its own character and soul.

Luxury is one of the main virtues of this hotel nestled in the heart of the city, in all its hustle and bustle. It is located right at the intersection of two very different worlds: the Medina and the modern shopping area. This makes it a perfect headquarters whether you are in Tangier for pleasure or business.
